*anaespinola@wsu.edu*

Office hours: Thursdays 9:00-10:00, or by appointment

Please think about a topic in which you would like to develop a research paper. Then identify a set of articles [minimum 6, maximum 12 papers] related to that specific topic. Note that papers must be published in some of the journals we identified during class. Discuss each of them; briefly describe (1) the research question, (2) model, and (3) identify the main result. Properly write references at the end of your homework assignment, using the Chicago Manual of Style (<http://www.lib.uga.edu/ref/chicago2009.pdf>). The maximum number of pages for this assignment is eight (not including references).
