

# Environmental Economics

EconS 582 (3 credits)

# Syllabus

Fall 2021

---

M,W 10.35-11.50am

HULB 27

**Instructor:** Ana Espinola-Arredondo, Hulbert 101B, [anaespinola@wsu.edu](mailto:anaespinola@wsu.edu)

**Office hours:** Thursdays 9:00-10:00, or by appointment.

**Class webpage:** <https://anaespinolaarredondo.com/econs-582/>

**Prerequisite:** EconS 501 or equivalent.

## Content and Purpose:

This course analyzes the theoretical tools and empirical techniques necessary for understanding of resource and environmental economics, developed in both static and dynamic framework. The main focus of the course is on the theory of externalities and regulation theory, as applied to environmental problem. The course gives a special emphasis to environmental problems using game theory and mechanism design. The major objectives of this class are: (1) to enhance the student's ability to conduct professional economic research and to develop and present professional proposals, papers, and presentations; and (2) to increase the student's ability to analyze environmental policies through a deeper understanding of economic behavior and incentives; economic institutions, property rights and contracts.

## Texts and Assigned Readings:

The course does not follow any text in particular. There are some books —available in the library— that are referenced a few times:

- **MWG:** A. Mas-Colell, M. Whinston and J. Green, *Microeconomic Theory*, Oxford University Press, New York, 1995.
- **EA&MG:** A. Espinola-Arredondo and F. Munoz-Garcia. *Common Pool Resources: Strategic Behavior, Inefficiencies, and Incomplete Information*, Cambridge University Press (August 31, 2021).
- **Kolstad:** Charles Kolstad, *Environmental Economics*, Oxford University Press, 2000.
- **B&O:** William J. Baumol and Wallace E. Oates, *The Theory of Environmental Policy*, 2nd edition, Cambridge University Press, 1988.
- **Reny:** Geoffrey Jehle and Philip Reny. (JR) *Advanced Microeconomic Theory*. 2nd ed. Reading, MA: Addison-Wesley, 2000.

## Reading List

*You are not expected to read everything that is on this list.* However, the readings marked with a "snowflake" should be read in advance of the corresponding class. Note that I may change some of the readings, depending on the class interest. Most article readings are available through [WWW.JSTOR.ORG](http://WWW.JSTOR.ORG). I will post on the class webpage copies of the papers that we will study during class.

## Assignments and Evaluation:

One midterm and four assignments will count 20% and 35% respectively in determining the course grade. A Presentation/submission of a 15-page proposal for your own paper idea. Submission of the 15-page proposal is due on or before the last class meeting May 2<sup>nd</sup>, 2020; no late submissions will be accepted. A brief oral presentation of the proposal is also required and will be scheduled for the last two weeks of the semester. Midterm and final makeup's are possible only if reasons beyond the student's control can be verified. Please note that all items in this syllabus are subject to change at the discretion of the professor.

Assignments	Number	Percentage
Homework	3	35%
Written Proposal	1	30%
Oral Presentation	2	35%
Total		100%

**Grading Scale:**

<b>A</b>	<b>95-100</b>	<b>C-</b>	<b>50-54</b>
<b>A-</b>	<b>85-94</b>	<b>D+</b>	<b>45-49</b>
<b>B+</b>	<b>80-84</b>	<b>D</b>	<b>40-44</b>
<b>B</b>	<b>70-79</b>	<b>F</b>	<b>0-39</b>
<b>B-</b>	<b>65-69</b>		
<b>C+</b>	<b>60-64</b>		
<b>C</b>	<b>55-59</b>		

**Tentative Class Calendar and Topics:**

Date	Topic	Assignment
August 23 <sup>rd</sup>	Introduction	
August 25 <sup>th</sup>	<b>Efficiency and Markets</b> – Kolstad CH 4 * – Reny CH 7, pp 280-302 *	
August 30 <sup>th</sup>	<b>Externalities:</b> – Kolstad CH 5* – MWG CH 11* – B&O CH 4* – R. **Disability Resource Accommodation:**

Reasonable accommodations are available for students who have a documented disability. Please notify the instructor the first week of class of any accommodations needed for the course. Late notification may cause the requested accommodations to not be available. All accommodations must be approved through the Disability Resource Center (DRC) (Washington Building, Room 217). Please stop by or call 509-335-3417 to make an appointment with a disability specialist <http://www.drc.wsu.edu>.

**Academic Honesty:**

WAC 504-25-015. Academic dishonesty, such as cheating, plagiarism, fabrication, and fraud, is prohibited. See <http://www.conduct.wsu.edu/default.asp?PageID=343> for more information and specific definitions of academic dishonesty.

As an institution of higher education, Washington State University is committed to principles of truth and academic honesty. All members of the University community share the responsibility for maintaining and supporting these principles. When a student enrolls in Washington State University, the student assumes an obligation to pursue academic endeavors in a manner consistent with the standards of academic integrity adopted by the University. To maintain the academic integrity of the community, the University cannot tolerate acts of academic dishonesty including any forms of cheating, plagiarism, or fabrication. Washington State University reserves the right and the power to discipline or to exclude students who engage in academic dishonesty. To that end, the University has established the following rules defining prohibited academic dishonesty and the process followed when such behavior is alleged. These rules incorporate Washington State University's Academic Integrity Policy, the University-wide document establishing policies and procedures to foster academic integrity. This policy is applicable to undergraduate and graduate students alike, as it pertains to dishonesty in course work and related academic pursuits. In cases of dishonesty in research and original scholarship, the University's Policy and Procedural Guidelines for Misconduct in Research and Scholarship may take precedence over the policies and procedures contained herein.

Academic dishonesty includes cheating, plagiarism, and fabrication in the process of completing academic work. These standards should be interpreted by students as general notice of prohibited conduct. They should be read broadly, and are not designed to define misconduct in exhaustive forms.

**Campus Safety Plan**

Can be found at <http://safetyplan.wsu.edu> and <http://oem.wsu.edu/emergencies>, contains a comprehensive listing of university policies, statistics and information related to campus safety, emergency management and the health and welfare of the campus community.

**COVID-19 Statement**

Per the proclamation of Governor Inslee on August 18, 2021, masks that cover both the nose and mouth must be worn by all people over the age of five while indoors in public spaces. This includes all WSU owned and operated facilities. The state-wide mask mandate goes into effect on Monday, August 23, 2021, and will be effective until further notice.

Public health directives may be adjusted throughout the year to respond to the evolving COVID-19 pandemic. Directives may include, but are not limited to, compliance with WSU's COVID-19 vaccination policy, wearing a cloth face covering, physically distancing, and sanitizing common-use spaces. All current COVID-19 related university policies and public health directives are located at <https://wsu.edu/covid-19/>. Students who choose not to comply with these directives may be required to leave the classroom; in egregious or repetitive cases, student non-compliance may be referred to the Center for Community Standards for action under the Standards of Conduct for Students.

**Lauren's Promise**

I will listen and believe you if someone is threatening you.

Lauren McCluskey, a 21-year-old honors student athlete, was murdered on Oct. 22, 2018, by a man she briefly dated on the University of Utah campus. We must all take actions to ensure that this never happens again.

- If you are in immediate danger, call 911.
- If you are experiencing sexual assault, domestic violence, and stalking, please report it to me and I will connect you to resources or call Alternatives to Violence of the Palouse at 877-334-2887 (24-hour crisis hotline).

Any form of sexual harassment or violence will not be excused or tolerated at Washington State University. WSU has instituted procedures to respond to violations of these laws and standards, programs aimed at the prevention of such conduct, and intervention on behalf of the victims.

WSU Police officers will treat victims of sexual assault, domestic violence, and stalking with respect and dignity. Confidentiality is of the utmost importance and WSU Police will assist by providing resources to victims. In addition to its law enforcement efforts regarding sexual assault, domestic violence and stalking, WSU Police refer victims to the appropriate university and/or local community counseling and other resources devoted to assisting victims.

Advocates help survivors determine their own needs in regards to their physical and emotional health, reporting options, and academic concerns. They connect survivors to campus and community services, and provide accompaniment to important appointments (court, hospital, and police) and support throughout the process. WSUPD can also connect you with advocacy services, if desired. The local advocacy group is Alternatives to Violence of the Palouse, whose services are free, immediate, and confidential.

Other confidential resources include WSU Counseling and Psychological Services. If you would like to speak with a counselor after business hours, WSUPD can contact the on-call counselor and have them call you directly or a crisis telephone number is provided. Information shared with the counselor will not be provided to WSUPD without expressed permission from you.

WSU Counseling and Psychological Services 509-335-2159 (crisis services line)
